3 32 EXPLANATION

3 33 This bill relates to certain services provided by a city
3 34 utility or city enterprise by making changes to the procedures
3 35 for notice and collection of delinquent rates and charges and
4 1 by making changes to billing notifications for water services
4 2 provided to certain residential property by a city utility or
4 3 city enterprise.

4 4 Under current law, delinquent rates or charges for the
4 5 services of water, sewer systems, storm water drainage
4 6 systems, sewage treatment, or solid waste collection and
4 7 disposal provided by a city utility, city enterprise, or
4 8 combined city enterprise (utility) become a lien against the
4 9 property receiving the services upon certification of the
4 10 delinquent amount to the county treasurer. The delinquent
4 11 amount then becomes collectible as a special assessment.
4 12 Special assessments are collected in the same manner as
4 13 property taxes. Current law also provides that service may be
4 14 discontinued at the property if rates or charges for these
4 15 services become delinquent. Notice of discontinuance of
4 16 service or notice of intent to certify a delinquency to the
4 17 county treasurer for collection must be provided to the
4 18 account holder.

4 19 The bill specifies that notice of discontinuance or notice
4 20 of intent to certify a delinquency to the county treasurer
4 21 must be provided to the account holder in whose name the
4 22 delinquent rates or charges were incurred.

4 23 The bill also provides that if delinquent rates or charges
4 24 were incurred prior to a transfer of the property where the
4 25 service was provided and such delinquency was not certified to
4 26 the county treasurer prior to the date of transfer, the
4 27 delinquency is not eligible for certification to the county
4 28 treasurer, and if certification of such a delinquency is

4 29 attempted, the county treasurer is directed to return the
4 30 certification to the utility along with a notice stating that
4 31 the delinquent rates or charges cannot be made a lien against
4 32 the property. However, the delinquent rates or charges may be
4 33 certified against any other property or premises located in
4 34 the state and owned by the account holder in whose name the
4 35 delinquent amount was incurred.

5 1 The bill further provides that service to a new account
5 2 holder may not be withheld or discontinued based on delinquent
5 3 charges incurred by a prior account holder at the same
5 4 premises unless the utility has certified the delinquent
5 5 amount to the county treasurer in a timely manner, i.e., prior
5 6 to transfer of the property. The bill also provides that such
5 7 delinquent amount is not collectible from the new account
5 8 holder unless the delinquent amount has been certified to the
5 9 county treasurer in a timely manner, i.e., prior to transfer
5 10 of the property.

5 11 Under current law, if water service is separately metered
5 12 and paid directly by a tenant of residential rental property,
5 13 the owner of the property, in order to be exempt from a lien
5 14 for delinquent rates or charges, is required to notify the
5 15 city utility that the property is rental property, that the
5 16 tenant is responsible for water charges at the property, and
5 17 the name of the tenant. The owner must also notify the city
5 18 utility each time there is a change in tenant at the
5 19 residential rental property within 10 days of the change in
5 20 tenant. The bill strikes the requirement that the owner
5 21 notify the city utility of the name of the tenant and the
5 22 requirement that the owner notify the city utility each time
5 23 there is a change in tenant at the residential rental
5 24 property.
